CM's prosecution UPHELD

High Court dismisses Siddaramaiah's petition

Bengaluru, Sept. 24 (Agencies)- The Karnataka High Court this noon dismissed Chief Minister Siddaramaiah's plea challenging Governor Thaawarchand Gehlot's decision to sanction his prosecution in the alleged Mysore Urban Development Authority (MUDA) land scam.

The High Court's ruling came in response to CM Siddaramaiah's petition against the Governor's approval for an investigation into illegalities related to the allotment of 14 MUDA sites to his wife, B.M. Parvathi, in a prime area of Mysuru city.

Justice M. Nagaprasanna, presiding over a Single Judge Bench, held that the complainants were justified in filing the complaint and seeking Governor's approval.

The Bench also clarified that it is the complainant's responsibility to seek approval under Section 17A of the Prevention of Corruption Act, allowing the Governor to make independent decisions.

Siddaramaiah

No fault in Guv action

"There is no fault in the Governor's action in granting permission for investigation, as he independently exercised his powers," Justice Nagaprasanna stated.

The Governor, in a six-page letter issued in August, accorded sanction to prosecute Siddaramaiah under section 17A of the Prevention of Corruption Act, 1988 and Section 218 of the Bharatiya Nagarik Suraksha Sanhita, 2023 for the commission of offences as mentioned in the petitions of social activists T.J. Abraham, S.P. Pradeep Kumar and Snehamayi Krishna.

The HC observed the three private complainants were justified in registering their complaint and seeking approval from the Governor for prosecuting the CM.

Facts warrant investigation

The Court further observed, "The facts presented in the petition warrant an investigation, especially considering that the beneficiaries of the alleged acts are the petitioner's own family. The petition is therefore dismissed."

CHOOSE YOUR FRIENDS WISELY: *A sanyasi once visited a village. He summoned the villagers and said he was going to show them a miracle, said R. Narayanan in a discourse. The sanyasi threw a small pebble into the pond. It sank. "Did you notice that it sank?" the sanyasi asked. "We knew it would sink. You haven't told us anything new," the villagers said. The sanyasi then picked up a log of wood. He placed a large stone on it and set the log afloat. The log did not sink, and neither did the stone. "Now, did you notice that while a small stone sank, here is a large stone, which has not sunk?" the sanyasi asked. "That is because you have placed it on a log. Again, you have not told us anything new," replied the villagers.*

Whereupon the sanyasi said, "My purpose in demonstrating the obvious was to make sure that you got the subtle message that this conveyed. It was association with the log that saved the big stone from the same fate as the smaller stone. Likewise, in life, association with good people will save you from many dangers. More importantly, it will give you peace of mind. Choose your friends wisely." Friendship means guiding one's friend, advising him and cautioning him about the disastrous consequences of wrong decisions. Thiruvalluvar says that a good friend is like the hand that automatically holds a garment which slips down, and saves us from being shamed in public. —*In The Hindu*

Some suggestions for a Shiny Dasara

Sir,

This refers to the 'Shiny Dasara' news item, which gives hope for beautiful lighting this year. The lighting should complement the nearby activities of each area. For example, the lighting designs of the road to SJCE and Mysore University could feature books, engineering equipment, art and science. The lighting near Kalamandira should depict drama. Likewise, near colleges and other prominent offices, the illumination designs should reflect the functional nature of those structures.

This would give a deeper meaning to this year's Dasara.

Why no illumination on N.S. Road for Dasara?

Sir,

The busy Narayana Shastri (N.S.) Road is one of the oldest roads in Mysuru, yet it never gets illuminated for Dasara. While some Circles are illuminated, the full stretch of N.S. Road, from Vidyaranyapuram and Chamundipuram to Devaraj Urs Road, remains neglected.

Why is there such disparity in Dasara illumination for one of the city's oldest roads? At least this year, could CESC make arrangements to illuminate the entire stretch of N.S. Road?

Hasty Khata registration for 10-acres prime land

DC orders suspension of two MCC officials

Mysuru, Sept. 24 (DM)- Deputy Commissioner (DC) G. Lakshmikanth Reddy has ordered the suspension of P. Babu, Assistant Revenue Officer of Mysuru City Corporation (MCC) Zone-4, and R. Rakshit, Revenue Inspector of MCC Zone-4, on charges of negligence, lapses and dereliction of duty, pending a departmental enquiry.

This action follows a report published in *Star of Mysore* on Sept. 15, alleging efforts to grab 10 acres of prime land within MCC limits.

Soon after the report was published, the DC issued a notice to MCC Commissioner Ashaad-Ur-Rahman Shariff, seeking an explanation for the haste shown in registering the e-Khata for 10 acres of prime land worth crores, located under Hinkal Survey No. 155.

The 10 acres in question lie adjacent to the well-known Kuvempu Trust on Kalidasa Road in Jayalakshmipuram.

Following the MCC officials' response to the notice, the Deputy Commissioner, after reviewing their replies, ordered the suspension of P. Babu and R. Rakshit, officials of MCC Zone-4, on

charges of negligence, lapses, and dereliction of duty.

Failure to verify

The two officials are accused of failing to verify and confirm whether the Khata registration was indeed in the name of Ramaiah, despite the absence of a ledger number and page number in the records as of June 24, 1988. Instead, they blindly forwarded office notes to higher authorities, seeking further directions.

It was also found that the two officials failed to obtain all the original documents from the applicant during the initial scrutiny. They are further charged with not adhering to the Municipal Administration Department's circular regarding procedures for e-Khata registration, neglecting to verify the authenticity of records with the competent authorities and failing to check the original signatures.

Meanwhile, on Sept. 5, 2024, Jayakumar lodged a complaint seeking cancellation of Khata, claiming it was illegal. Although a report was submitted recommending the cancellation of Tulasamma's Pouti Khata for land under Hinkal Survey No. 155/a, in accordance with Section 114(a) of the Karnataka Municipal Administration Act, the officials failed to issue a prior notice to the applicant, as required by law.

Additionally, they wrongfully processed the objection petition and submitted a report without proper due diligence, actions that amounted to gross negligence, lapses and dereliction of duty, as cited in the Deputy Commissioner's suspension orders.

It is important to note that the *SOM* report on Sept. 15 and the statement made by Karnataka Rajya Hindulida Vargagala Jagruti Vedike President K.S. Shivaramu played a significant role in uncovering this attempt to take over this prime land.

Meanwhile, the Sessions Court granted bail to two others accused Nikhil Naik and Karthik in the case. Judge Jaishankar granted the bail. Karthik (A 15), Keshavamurthy (A 16) and Nikhil Naik (A 17) are lodged in Tumakuru prison.

Nikhil Naik

On June 10, four accused persons — Karthik, Keshavamurthy, Nikhil Naik and Raghavendra — had surrendered before the Kamakshipalya Police Station admitting to the murder of Renukaswamy.

Investigation had revealed that Renukaswamy was kidnapped and murdered for sending obscene photos and messages to Pavithra Gowda, who is actor Darshan's friend. The Police had arrested 17 persons, including Darshan and Pavithra in the case.

1,500 drones to create a sky-high spectacle

District in-Charge Minister Dr. H.C. Mahadevappa releasing the Dasara illumination posters at the CESC office in city last evening as CESC Chairman and MLA Rameshbabu Bandisiddegowda, DC G. Lakshmikanth Reddy, CESC Managing Director G. Sheela, Technical Director K.M. Munigopal Raju and others look on.

Mysuru, Sept. 24 (MK&BCT)- This year, the world-famous Mysuru Dasara is set to dazzle visitors with an extraordinary new attraction — a stunning drone show featuring 1,500 drones lighting up the night sky.

District In-charge Minister Dr. H.C. Mahadevappa, during the release of the Dasara illumination posters at Chamundeshwari Electricity Supply Corporation (CESC) office last evening, emphasised that the festival continues to be one of the most anticipated events of the State, drawing tourists from across the globe.

"The Dasara illumination remains a major highlight of the festival, transforming the city of Mysuru into a glittering spectacle for 21 days," the Minister remarked. This year, the CESC team has made exceptional efforts to enhance the beauty of the city with a vast network of lights.

A remarkable 130 kilometres of illumination will adorn Mysuru, including the decoration of 100 traffic circles and the creation of 65 artistic replicas.

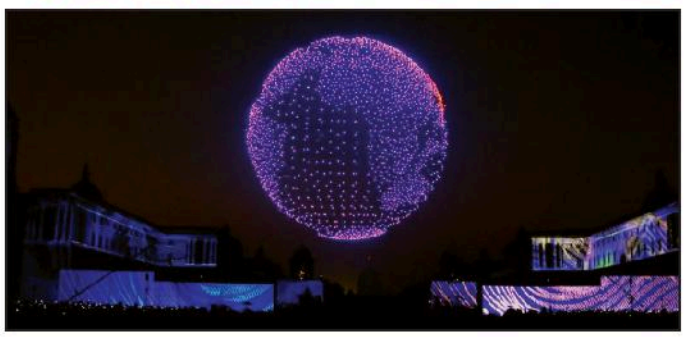
With a budget of Rs. 6.5 crore, this year's lighting display will require a temporary power connection of 2,881 kVA and an estimated consumption of 2,42,012 units of electricity, making it one of the most ambitious illuminations to date.

Electric Chariot

Adding to the grandeur of this year's Dasara celebrations, an electric chariot (Vidyuth Ratha) illuminated with lights will parade through the city.

This chariot, set to be inaugurated on Oct. 3, will showcase information about essential duties of 'Power Man,' household electricity, solar-powered agricultural pump sets, electricity safety and Government schemes including Gruha Jyothi. The chariot will traverse Mysuru's roads and circles for 10 days, educating the public while enhancing the festive atmosphere.

Drone show



For the first time in the history of Dasara, a dazzling drone show will accompany the traditional illuminations. Around 1,500 drones equipped with LED lights will create stunning visual patterns in the sky.

This unique spectacle will be held on Oct. 6, 7, 11 and 12, from 8 pm to 8.15 pm at the Torchlight Parade Grounds in Bannimantap. Free entry will be provided for the shows on Oct. 6 and 7, giving spectators an exciting new experience to complement the vibrant Dasara festivities.

BotLab Dynamics, the only drone show company in the country, will present the Dasara drone show. The cost of the drone show is estimated to be between Rs. 2.5 crore and Rs. 3 crore. This team has already successfully conducted drone shows in Varanasi and Haridwar, which were inaugurated by the Prime Minister.

Safety and innovation

CESC Chairman and Srirangapatna MLA Rameshbabu Bandisiddegowda highlighted the uniqueness of this year's illumination efforts.

"In addition to the traditional lighting, the drone display will be a major draw. The company responsible for this show has previously created similar displays in Varanasi and Haridwar, presenting up to 15 breath-taking designs. We have placed special emphasis on safety and ensuring that the 2024 Dasara illumination is an unforgettable experience."

He added that the Brindavan Gardens at Krishna Raja Sagar (KRS) Dam will be illuminated for 21 days. The splendid display of lighting and colour will be an added attraction to the visitors who come to the KRS Dam in the evening.

The event was attended by key district officials, including Deputy Commissioner G. Lakshmikanth Reddy, CESC Managing Director G. Sheela, Technical Director K.M. Munigopal Raju, Financial Director Sheikh Mahimulla, and Supervising Engineer Sunil Kumar, all of whom expressed confidence in the success of this year's festivities.

Bumper offer for book lovers during Dasara

Dasara Pustaka Mela venue likely to be changed this year

Mysuru, Sept. 24 (MK&DM)- With Dasara round the corner, book lovers are in for a bumper offer with the Dasara Books Mela (Dasara Pustaka Mela) offering to sell a whole range of books at a discounted price.

The Dasara Books Mela, which had lost its sheen due to COVID for the past couple of years, is now regaining its popularity with the display and sale of a variety of books on almost all subjects. One of the attractions this year is a selfie with noted littérateurs at designated selfie spots at the venue and playing of melodious music. This apart, there will be cultural programmes in the evenings in order to attract all sections of the readers, especially the youths.

The Dasara Books Mela this year is likely to have 50-60 stalls and the authorities have started contacting the publishers and printers well in advance, according to Kannada Book Authority Administrative Officer Kiran Singh.

Pointing out that the Books Mela was held at the Oval Grounds last year and at the CADA office premises on Sayyaji Rao Road in the previous years, Kiran Singh said that this year it has been planned to hold it at a more spacious different location. As such, the venue of the Mela is likely to be changed this year, he said.

Stating that books will be sold at a discount of 15 to 25 percent, he said that the publishers have been asked to also consider giving a special discount on books published more than five years ago. Publishers have also been told to accept online payments for sale of books, he added.

Heritage or hype? Radium paint around Circles sparks debate

Painting a 10-ft radius around K.R. Circle, Chamaraja Circle

Mysuru, Sept. 24 (BLU&BCT)- In a bid to welcome and captivate visitors for Dasara, large and vibrant paintings are being created around K.R. Circle and Chamaraja Circle. Radium-infused paint is being used to ensure the artwork shines brilliantly at night, enhancing the festival atmosphere.

The task, covering a 10-ft. radius around both Circles, began last night with barricades in place. However, due to heavy traffic this morning, little progress was made. Workers plan to resume after dark when the roads are less congested. The full grandeur of the artwork will only be visible once the painting is completed.

Despite the effort, some commuters have raised concerns about painting over spaces of immense heritage value. They argue that the use of radium paint will cause a garish glare at night, overshadowing the elegance of the historically sculpted Circles.

"While the initiative is well-intentioned, applying it to such cultural and heritage significant landmarks is unfortunate. The officials who sanctioned this project should be held accountable for their disregard for heritage," remarked one concerned passer-by.

4.28 lakh women travel in KSRTC buses daily due to Shakti Scheme

Mysuru, Sept. 24 (BLU&DM)- Dr. B. Pushpa Amarnath, Vice-Chairperson of the Guarantee Schemes Implementation Monitoring Authority, convened a progress review meeting this morning at the Zilla Panchayat (ZP) Hall to assess the implementation of various guarantee schemes.

During the meeting, she highlighted the remarkable success of the 'Shakti' scheme, which facilitates free travel for women on state-run KSRTC buses. She noted a significant increase in the number of women passengers, currently reaching 4.28 lakh daily.

To accommodate this growing demand, she announced that a proposal has been submitted to the Government requesting 160 new buses and the deployment of an additional 400 staff members.

Maruti, a member of the Authority, raised concerns about the treatment of women passengers, alleging that KSRTC staff, including drivers and conductors, have been showing scant respect by failing to stop buses at designated bus stops.

In response, Dr. Pushpa Amarnath emphasised the need for KSRTC authorities to ensure that women passengers receive the respect they deserve. She reminded drivers and conductors that the Government is funding their travel and directed KSRTC officials to suspend any staff who exhibited disrespectful behaviour towards women passengers.

The meeting was attended by ZP Chief Executive Officer (CEO) K.M. Gayathri, Additional DC P. Shivaraj, KSRTC officials, and district-level officers from various departments.

Shift in Yuva Dasara venue to hit Food Festival: Vendors

Mysuru, Sept. 24 (GA&BS)- Mysuru Dasara Aahara Mela Tindi Tinisugala Maaratagara Sangha (Dasara Food Festival Eatables Vendors Association) has found fault in the decision of the District Administration to shift the venue of Yuva Dasara to an open space near Uttanahalli in the outskirts of the city.

Sangha President Nagaraju S. Siddaramanahundi and Secretary Kamsale Ravi, jointly told media persons at Pathrakartara Bhavan this morning that, by shifting the venue of Yuva Dasara, it has been decided to organise Dasara Food Festival at Maharaja's College Grounds. However, it would be a severe loss to the Food Festival, as in the previous years, the crowd attending Yuva Dasara was visiting the Food Festival.

Instead, the Dasara Food Festival should be organised next to Yuva Dasara venue. The decision taken to shift the venue is unilateral and benefits only the officials, but is against the general public, the duo alleged.

They also blamed the District Administration for not responding to their plea, made umpteen times.

"We have been regularly participating in the Food Festival, ever since Rs. 500 rent was charged per stall, which was later hiked to Rs. 25,000. During the previous Dasara, the vegetarian food stalls were charged Rs. 59,000 rent and non-vegetarian stall Rs. 88,500. However, the food stall owners incurred huge losses," they alleged.

CM's prosecution upheld

(Continued from page 1)

Regarding the application of Section 17A of the Prevention of Corruption Act, the Court emphasized, "Approval under Section 17A is mandatory in this situation. The Act does not require a Police officer to seek approval in private complaints registered under Section 200 of the Criminal Procedure Code or Section 220 of BNSS. The duty falls on the complainant to seek such approval."

Controversial scheme

In the MUDA 'scam', it is alleged that compensatory sites were allotted to Siddaramaiah's wife Parvathi in an upmarket area in Mysuru, which had higher property value as compared to the location of her land which had been 'acquired' by the MUDA.

The MUDA had allotted plots to Parvathi under a 50:50 ratio scheme in lieu of 3.16 acres of her land, where MUDA developed a residential layout.

Under the controversial scheme, MUDA allotted 50 per cent of developed land to the land losers in lieu of undeveloped land acquired from them for forming residential layouts. The Opposition has claimed that the MUDA scam is of the magnitude of Rs. 4,000 crore to Rs. 5,000 crore.

Guv did not act in 'hot haste'

Addressing the role of the Governor in seeking advice from the Council of Ministers, the Court ruled, "While the Governor typically acts on the aid and advice of the Council of Ministers, he can exercise independent discretion in exceptional cases, as demonstrated here. No fault can be found in the Governor's decision."

The High Court ruled that the Governor's sanction was not issued in 'hot haste' and was based on careful consideration. "The decision was marked by an 'abundance of application of mind,' and the order is limited to approval under Section 17A of the Act, not a sanction under Section 218 of Bharatiya Nagarik Suraksha Sanhita," the Court added.

2nd Intl. Conference on Leadership held

Mysuru, Sept. 24- "Most important aspect of success is attitude which decides your altitude," said Sampathkumar B. Aratti, Vice- President & Head of HR for APAC and Chief People Officer, Lapp Asia Pacific Pte Ltd, Singapore.

He was delivering keynote address on 'Navigating Industry 5.0 for Sustainability and Inclusive Progress', during 2nd International Conference on Leadership organised by Shri Dharmasthala Manjunatheshwara Institute for Management Development (SDMIMD), in collaboration with Bangalore Chamber of Industry and Commerce (BCIC), SDMIMD Centre for Management Excellence, in the city recently.

Aratti said, "Industry 5.0 also called as the fifth industrial revolution reflects a shift in focus from an economic approach to a focus on social value and well-being. It is a new phase of industrialisation in which humans work together with advanced technology and AI driven robots to improve processes at work."

He mentioned that 85% of the jobs that will exist in 2030 haven't been invented yet and AI automation and machine learning are rapidly reshaping job market. With regards to a good leader, Aratti said one needs to understand emotions of employee.

"The multiple Ph.Ds and papers that we write are of not much significance; I am not saying that they are not important, in fact at the age of 50 I started doing Ph.D, I do respect Ph.Ds but what is most important is, with Ph.D we should also understand what the organisation requires. A Manager need not necessarily be a leader, that needs a lot of competence, focus and many things. Apart from this, inner focus also helps leaders to be most successful."

Lone Woman Cop to frisk thousands of women visitors at Brindavan Gardens

Srirangapatna, Sept. 24 (VK &BS)- Brindavan Gardens, the most popular tourist spot attached to Krishna Raja Sagar (KRS) reservoir in the taluk, has a lone Woman Police personnel to frisk women tourists for security, at the main entrance, triggering concerns about the security arrangements at one of the most vital installations of the State.

Following the threat to a few prominent structures in the State, Karnataka State Industrial Security Force (KSISF) has been entrusted with the task of manning the dam site including the garden since the year 2016.

There are two ticketed entrances to Brindavan Garden, which requires not less than 10 women Police personnel, apart from the men, to handle the rush of the visitors, including screening their hand bags for any prohibited materials.

On Sept. 20, of the total 7 women personnel deputed on security duty here, six were transferred by the Commandant of KSISF Second Battalion to Mysuru Central Prison and Mysore Airport at Mandakalli. With no steps taken yet to fill the gap created after the transfer of six women Police, the remaining lone woman Police, is forced to handle the duty from 8 am to 9 pm. Owing to the rush, the woman Police can neither go to toilet nor have food at peace, undergoing tremendous work pressure. How a lone woman Police can screen the same gender visitors throughout the day? This is the question in the mind of those privy to the matters, especially when Srirangapatna Dasara is also in the offing from Oct. 4, when the tourist numbers is expected to swell.

If the lone woman Police goes on leave or falls sick, who will step in as an alternative arrangement, is the question that has not even bothered the senior officers. It is better to wake up to the situation, before matters get worse.

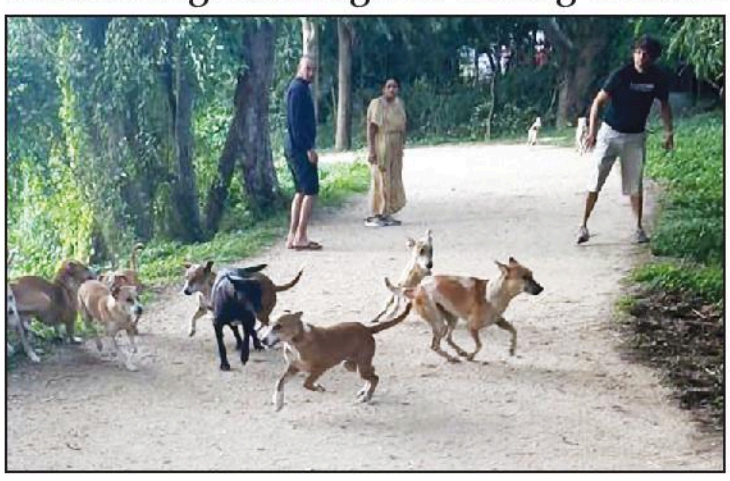
Stray dog menace at Kukkarahalli Lake

Pack of dogs causing fear among walkers



Mysuru, Sept. 24 (MK&KS)- A pack of stray dogs is creating panic among morning and evening walkers at Kukkarahalli Lake. Walkers are seen taking a stroll with sticks and stones in their hands to shoo the dogs away as they fear of getting bitten by the dogs.

Kukkarahalli Lake is visited by people of all ages including senior citizens, students and children for morning and evening walks daily as the Lake provides a soothing environment.

But the pack of dogs has instilled fear among the walkers, who are risking of getting bitten by them during their walks.

Walkers said that the dogs chase them and if they do not hold sticks or stones, it is guaranteed that the dogs will bite them. It has become impossible to walk in peace without the fear of getting bitten, they added.

They alleged that the MCC has failed in controlling the population of stray dogs, which are seen foraging for food near garbage dumps and at places where canteens and food joints throw wastes and leftover food. These dogs attack those passing by besides creating panic. Walkers have urged authorities concerned to take steps to control the stray dogs menace.

WORD OF THE DAY

Approbation

Pronunciation: ap-ruh-BAY-shun (Noun)
Meaning: Approbation is a formal word that refers to praise or approval.
Origin: Approbation is similar in meaning to approval, and it is also very close to approval etymologically. Both words trace back to the Latin verb approbare, which means "to prove" or "to approve." Approbation meant "proof" when it first appeared in English in the 1300s, and by the early 1500s it had come to refer to the act of formally or officially approving something, a sense it still retains in certain church-related contexts. Today, however, we mostly use approbation in the looser sense of "approval, admiration, or praise." The related verb approbate means "to approve or sanction," and the adjective approbatory means "expressing approval or commendation."
Example: "That's not to say that all slang terms end up on the ash heap of history. Some of them break out and become incredibly popular. The most successful by far is 'OK,' which has become a universal means for expressing approbation. OK has been adopted into many other languages, and it may be the most widely used expression on the planet." — Roger Kreuz, Psychology Today, 16 Feb. 2024

THE ODD WORD

Nepenthe

Something that makes you forget grief or suffering.

PHRASE OF THE DAY

Pipe down

Meaning: The same phrase could be used to say 'Fall at the last hurdle' if someone drops the goal at the very end of the task.
Origin: The origin of the expression 'Pipe down' is nautical. Whistled signals are given to crews via a boatswain's pipe, with one of those signals meaning "time to go below decks and retire for the evening," or "be quiet as it's time for bed." This has been used since the late 16th century.
Example: "Tell the kids to pipe down. I can't hear the TV!
